

VeneerBric *quality fabric veneers*

VeneerBric is a proprietary fabric that utilizes ATI's FusionTech™ process and can be customized to designer's specifications. VeneerBric, a fabric veneer, is ideal for unique wallcoverings and upholstery.

This luxurious headboard was created by combining Medium & Dark Cherry from the stock collection.

Features:

- Large 54" x 120", nominal sheet size
- Fire Retardant
- Chemical & Stain Resistant
- UV Stable
- Easy Fabrication
- Sound Absorbing Properties
- Made from recycled content and may contribute to LEED credits.
